Advance-Nilfisk Part - Imagine how long and tiresome it would be to tidy up right after a party, with out help from equipment. Not too long ago, the dust from carpets and upholstery had to be beat out of them manually; brooms, brushes and cleaning cloths were the leading cleaning products during that time.

The founder of Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who liked to work on electrical motors. After establishing his business during the year 1906, he began to make motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's dream from the beginning was to own an international business marketing products globally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner which could be operated by one individual for the reason that it just weighed 17.5 kilos! This creation came in a time where numerous cleaning machines were very big and needed at least 4 operators, therefore, the Nilfisk C1 transformed everything and developed the manner we clean forever. The genius behind these very first cleaning machines remains unparalleled. Cleaning machines provide a brilliant solution to an existing problem; things get dirty and should be cleaned frequently, without a lot of effort.

Gradually but steadily, Nilfisk-Advance developed all through the years. In the nineteen eighties, this development actually took place the time the company became a part of the NKT Group. Their new owners' drive and focus made Nilfisk-Advance take a huge leap forward within the industry, aiming to be among the biggest universal players in the market of professional cleaning machines. Nilfisk-Advance is currently found in all parts of the globe due to gradually obtaining many small businesses to be able to develop their product portfolio and presence in new markets. They are proud to present a range of cleaning solutions to suit each and every need.
